After graduation, I went to Amarillo, Texas with Geneva Love and Marion Ward. They went to college and I worked at the Paramount Theater for 2 months. After 2 months without a day off, I came back home and got ready to attend Hedrick School of Beauty in Clovis, NM, in the Fall.

I only worked as a Beautician for about five years, working first for Lorene Dennis in her beauty salon. Then for Vallarie Smith, in her salon, and lastly in Myrtle's Beauty Salon which was owned by Jerry and Vertie Mae Smith. Later they sold their house and salon to Honey Scruggs.

I took some college courses and did office work after that.

Floyd and I will be married 30 years in September. I had an 8 year old daughter when we married. He had 3 grown children that were married. He and I have a daughter. Our daughter and her husband work and live in Amarillo, Texas. Rhonda has a 3 ½ year old son.

My oldest daughter has a daughter and her husband is in the Navy and they live in San Diego, CA. They are expecting their first child in August (a little boy). By the way, this will make me "first great-grandmother" in our immediate family. Connie was the "first grandmother."

We enjoy our children and our grandchildren very much.

We live on a ranch, outside of Tucumcari. It keeps us very busy. We also have a business in California. That also keeps us busy.
